### SIMPLE SETUP

It's never been easier to optimize your sound, with user-friendly QuickSmart DSP and app control/mixing

\* Compared to EVERSE 8 at 95 dB SPL. The EVERSE 12 battery pack will provide 12+ hours at 100 dB SPL average with typical program material, or 6+ hours at maximum output level before limit indication. Always use the supplied weatherized input cover, or the Electro-Voice approved accessory rain resistant cover in wet or damp environments. # EVERSE SERIES

## REAL PRO-AUDIO PERFORMANCE. BATTERY-POWERED CONVENIENCE.

The EVERSE series is driven by a high-efficiency Class-D amplifier and DSP module developed in collaboration with the world-class audio electronics engineering team at EV's sibling brand Dynacord. Pro features include a built-in four-channel digital mixer with studio-quality effects and processing, 48 V phantom power, feedback suppression and audio ducking. Between the EV and the D badges, you get the best of both worlds.

EVERSE12-RAINCVR rain cover

#### EXPANDABLE FUNCTIONALITY

The integrated 12 V DC port provides convenient power from the EVERSE battery, perfect for powering a wireless microphone system. Attach the larger accessory tray to the top of your EVERSE to secure receiver hardware in place. A charging port is included for mobile devices if you need a top-up when streaming. Place on a tripod for a longer throw, set long-side-down as a stage monitor, or use upright with the kick-back angle to project up off the performance area. For stereo setups, EVERSE is equipped for Bluetooth<sup>®</sup> true wireless stereo streaming. Flexible features for a truly self-contained setup, input to output.

#### WIRELESS CONTROL & MONITORING

Use the free EV QuickSmart Mobile app to adjust all audio, effects and mix functions via your phone or tablet. An intuitive user interface makes it simple to shape your sound to the space, so you can focus on the show.
